BIO-CLEAN DRYING LOTION — Oily Problem/Acne Skin — 17 ml. |

A superb product to help dry out existing blemishes. Its high content of Zinc Oxide, Sulphur, Camphor and Sodium Laureth Sulfate, are the strongest agents used to combat acne causing bacteria.

\$25 - 1oz

Directions:

After night time cleansing and toning shake well and use a cotton swab to apply lotion ONLY to infected areas. Be sure not to dry out the surrounding area. Leave on overnight.

BIO-CLEAN BLEMISH STICK COVER — Oily Problem/Acne Skin

An excellent all day drying compound that also camouflages blemishes.

Directions:

Apply directly to existing blemishes and blend with fingertips. Can be used under make-up or alone.
