PRODUCT PROFILE

POLLUTION SOLUTION MIST \$20 - 8oz

Neutralizes effects of tobacco smoke & smog For Exposed Skin

SKIN CONDITIONS

- Exposure to tobacco smoke, smog and other airborne pollutants
- Rosacea
- Acne

DESCRIPTION Help neutralize the effects of tobacco smoke, smog and other airborne pollutants with this exclusive blend of skin-defending Malachite, Seaweed and Plant extracts. Fortified with antioxidant CoQ10, White Tea, provitamin A and stabilized Vitamins C and E for added surface defense.

Skin feels moist, looks fresh, radiant and healthy - regardless of the environment.

Acts like a breath of fresh air for exposed skin!

Does not contain solvent alcohol, synthetic fragrance or formaldehyde-releasing preservatives.

FRAGRANCE Essential oils of lavender & rosemary

pH 5.5

ACTIONS

- **Instantly neutralizes the effects of tobacco smoke and smog**
- **Restores comfort in seconds**
- **Prevents surface dryness due to exposure to smoke and smog**
- **Sets & freshens makeup *instantly***

ACTION *Hydrolyzed algin (laminaria digitata):* offers total protection from tobacco smoke

INGREDIENTS *Fumitory & lemon:* protects skin's youthening biomolecules from damage by smog
Malachite: broad-spectrum antioxidant; neutralizes 98.3% superoxide - the inflammatory free radical
White tea: inhibits environmental peroxides that can cause irritation and surface aging
Ubiquinone: antioxidant Co-Enzyme Q10 protects the skin's barrier from oxidation
Vitamins C&E: surface antioxidants in liposomes protect the skin's barrier from oxidation
Beta carotene: provitamin A quenches singlet oxygen - an inflammatory oxidant in smoke and smog

DIRECTIONS **Home Care:** Shake bottle. Close eyes. Using quick, full, firm pumps, mist generously over face and other exposed skin areas. May also be used to set and refresh makeup. Use as needed.
Professional Use: As the last step of the facial treatment, with the client's eyes closed, spray liberally over face or other areas. May also be used to set makeup. Allow mist to absorb into skin. Do not remove.

Caution: Do not use if allergic to iodine. Statistically, only about 10 people in 1 million will experience an iodine allergy; never-the-less, it is important to tell your client this product may contain iodine.
