PRODUCT PROFILE

SOOTHING MIST \$20 - 8oz

Soothes discomfort in seconds

For Visibly Irritated Skin

SKIN CONDITIONS

- Visibly Irritated
- AHA-Treated
- Stressed
- Post-Extractions
- Laser-Treated
- Blotchy
- Environmentally-Exposed
- Sunburn, UV-Exposed

DESCRIPTION

Instantly soothe signs of redness, tingling or other symptoms of irritation with this unique complex of soothing *Kola*, *Matte* and *Guarana* extracts proven in laboratory tests to effectively reduce or eliminate feelings of discomfort associated with a wide range of natural or man-made elements – including AHA treatments, high SPF sunscreens, extremely dry climates and airborne contaminants such as smog or cigarette smoke.

Exceptionally soothing *Licorice* extracts has been shown to inhibit destructive effects of skin irritation that causes tissue breakdown and premature skin aging. It instantly calms skin and soothes symptoms of inflammation.

A base of hydrating and calming *Aloe Barbadosensis* completes the delivery of this quick-soothing mist.

May be used after professional AHA treatments as a soothing post-spray. Spray over blotchy or easily irritated skin as needed to calm throughout the day. An excellent soothing spray for sunburn or UV-exposed skin. Use as a toning mist for stressed or easily irritated skin. Excellent over makeup: sets powder, instantly revives color.

Does not contain solvent alcohol, synthetic fragrance or formaldehyde-releasing preservatives.

FRAGRANCE

None

ACTIONS

- Instantly soothes signs and sensations of irritation
- Skin feels moist and comfortable within seconds
- Helps reduce redness and blotchiness
- Freshens makeup instantly

ACTION

Kola, Matte, Guarana: laboratory-tested plant complex proven to reduce or eliminate feelings of discomfort associated with AHAs, sunscreens and airborne contaminants

INGREDIENTS

Aloe barbadensis: hydrating and calming bioactive gel

Dipotassium glycyrrhizate: powerful calming molecule from licorice, soothes signs of redness

DIRECTIONS

Home care: Close eyes. Press mist pump firmly 1-3 times over face and hair.

May be misted generously over UV-exposed or sunburned body skin.

Professional Use: With client's eyes closed, spray liberally over face or other areas after extractions or after thorough removal of **Triple Fruit Acid Activating Gel** or other AHA treatment. Recommended for laser-treated skin. Allow to absorb into skin. Do not remove.
